How to add GIFs to your Insta Stories (it will take you 10 seconds each time!):
1. Save GIFs on your phone in a separate album (for your convenience)
2. Open Instagram and start creating an Insta Story
3. Don't publish your Story. Leave your Instagram instead and open your phone gallery (album with GIFs)
4. Choose the GIF you need
5. Save it to buffer
6. Head back to Instagram
7. A window with a "Use a sticker" button will pop up
8. Click "Use a sticker"
9. Position your GIF correctly on your Insta Story slide
10. Publish your Story
11. Enjoy your audience' responses!
